EXPERIENCE

West shore Inn
2017-2021
Worked in a face pace kitchen where many tasks needed to be done. Certain tasks include washing dishes, clean-up crew, stocking levels of tableware for kitchen and dining room needs, meeting health code standards, and sanitizing work areas.

Amazon associate
2023-CURRENT
Working in an amazon delivery warehouse in a fast-paced environment. Lifting heavy packages along with following safety standards.

Summer 2023 student research
2023-2023
Conducted a research project that involved creating different neural networks using resnet-50 and transformers. Combined different networks for image classification and segmentation. We also proposed the methodology of combining both image classification and segmentation for creating one multi-task network with the overall goal of improving breast ultra-sound image processing.

SKILLS

- Fast-paced worker
- Equipment cleaning
- Complex problem-solver
- Attention to detail.
- Friendly and helpful
- Energy and physical stamina

EDUCATION

Carteret High school
